

TEE-OFF FOR TOURETTE

15th Anniversary Charity Golf Event

March 16, 2009

Dear Owner/Manager:

The Fifteenth Anniversary “*Tee-Off for Tourette*” Charity Golf Tournament, the oldest and one of the most successful golf tournaments for Tourette Syndrome in the United States, is Monday, October 19, 2009 at The Woodlands Country Club. We are asking for your support with a sponsorship donation. Enclosed is a listing of the current sponsorship amounts. If you are not able to be a sponsor this year, please consider making a cash donation. We would also appreciate your consideration of donating gift certificates or merchandise for our Silent Auction or Door Prizes. Both teams and individual players are being accepted for the tournament at this time. A golf brochure is enclosed.

Tourette’s syndrome is a neurobehavioral movement disorder characterized by motor and vocal tics. Beginning in childhood, it causes those affected to make movements and noises they cannot control. Additionally, many are plagued by obsessive-compulsive disorder, attention-deficit-hyperactivity disorder, oppositional behavior, and other disorders. Although medication may help control the symptoms, as of yet there is no cure.

The Tourette Syndrome Association of Texas, one of the largest chapters in the country, is a 501(c)(3) non-profit organization striving to improve the quality of life for individuals with Tourette Syndrome and their families. We raise funds to directly assist Texas area families and children in crisis, 24 hours a day, 365 days a year. Your donation will help us to continue our many educational and advocacy programs, scholarships, support groups, and the *du Ballon Rouge* Tourette camping weekend.

Donations and sponsorships must be received by October 1, 2009 to be included on signs and in the silent auction. You may arrange for pick-up of your donation by leaving a message at 281-395-5392. If you prefer, you may mail your donation to: *Tee-Off for Tourette, 23011 North Warmstone Way, Katy, TX 77494.* Your consideration is greatly appreciated.

Sincerely,

Tourette Syndrome Association of Texas
