Benefiting the Tourette Syndrome
Association of Texas
501(c)(3) non-profit organization
EIN # 74-2198940

What is Tourette's Syndrome?

Tourette's syndrome is a neurobehavioral (brain-based) movement disorder characterized by motor and vocal tics. Beginning in childhood, it causes those affected to make movements and noises they cannot control. Additionally, many are plagued by obsessive-compulsive disorder, attention-deficit-hyperactivity disorder, oppositional behavior, and other disorders. Although medications may help control the symptoms, as of yet there is no cure. The Tourette Syndrome Association of Texas, one of the largest chapters in the country, is a 501(c)(3) non-profit organization. We raise funds to directly assist Texas families and children in crisis, 24 hours a day, 365 days a year.

Mission

The Tourette Syndrome Association of Texas, as an affiliate of the National Tourette Syndrome Association, strives to improve the quality of life of individuals with Tourette's syndrome and their families. To this end, we provide education, advocacy, direct client services, and support research efforts to cure this devastating disorder.
